QUAKES DRIVE MINERS FROM DEATH VALLEY DETAILS OF GARRISON INCREASE ARRIVE

China Brings Here Detailed Account Of Garrison Plans

With the enlargement of the permanent garrison here Honolulu will take rank among the most important military stations of the United States. Mail advices, received on the China, corroborate the cable dispatch published in last night's Bulletin and indicate that the War Department is about to place a military establishment here commensurate with the strategic importance of the islands.

When the present plans have been carried out, it is probable that there will be nearly 4000 men stationed permanently in and around Honolulu. A regiment of infantry (twelve full companies) will be sent here, the headquarters, band, and two squadrons of the Fifth Cavalry, an entire regiment of field artillery, a company of the Signal Corps, a company of Engineers, and a detachment of the Hospital Corps.

Although no mention is made of such a plan in the advices from Washington, it is known that at least one company of coast defense artillery must also be stationed here. The mortar batteries now being installed in back of Diamond Head must be garrisoned and other fortifications under consideration will have to be taken into consideration.

The locating here of a company of the Signal Corps will undoubtedly mean the establishment of an Army wireless station. Company E of the Signal Corps, commanded by Lieut. Paul W. Beck, is now stationed at the Presidio, San Francisco. Lieut. Beck is one of the acknowledged authorities on wireless telegraphy in the Army and his company, which he organized himself under authority of the War Department, is the holder of a number of records for feats in sending wireless messages.

As Company E is about due for overseas service, it is not thought unlikely by those who are in a position to know that it may be ordered here.

Signal Corps officers have long considered Honolulu an ideal place for the recuperation of men who have become worn out from long and trying service in the Philippines and these islands have been suggested as the best possible location for a training school for Signal Corps recruits being prepared for Philippine service.

The abandonment of Benicia Bar-

acks in California does away with the only distinctly Signal Corps post in the West and leaves that important branch of the staff corps without adequate training headquarters. It is therefore suggested by those who are in touch with affairs that it may be the intention of the War Department to locate the training school here.

The following from Washington gives further particulars on the details of a garrison for Honolulu:

WASHINGTON, D. C., Oct. 29.—

An important assignment of troops was made today to the Hawaiian islands, in pursuance of a plan determined upon by the department several months ago, substantially to increase the garrison there. The headquarters, band and the First and Third Squadrons of the Fifth Cavalry were today ordered to the islands. There are now but four companies of infantry there, and that number has long been inadequate, in view of the plan to build up a better naval station. It is understood that with the improvement of Pearl Harbor the War Department considered it necessary to have a substantial guard there. Some time ago a company of engineers was ordered to the islands, and will sail from San Francisco November 4th.

There is a splendid military reservation now on the islands, furnishing ample quarters for the additional troops. It is understood that the plans also call for batteries of artillery.

The band and First Squadron of the Fifth Cavalry are now at Fort Huachuca, A. T., and the Third Squadron of the Fifth Cavalry is at Fort Wingate, A. T.

Troops E, F, and G, Fifth Cavalry, now at Fort Apache, A. T., are ordered to the Yellowstone Park, Troop

NAVAL DANCE AT THE SEASIDE HOTEL

There will be a dance tonight for the officers of the cruiser Charleston. Kaul's quintet club will furnish music during the dinner hour and for the dance. Officers and ladies of the local Army and Navy posts, guests of the several hotels and all friends of the Seaside are cordially invited.

Mr. Harr Has Lost A Watch

W. R. Harr, special investigator for the Department of Justice, is in trouble. He has lost his watch. That, however, is not the whole trouble with Mr. Harr, but what is bothering him at the present time is to know just where to place the blame for the loss of his excellent timepiece.

Losing no time, though looking for lost time, Mr. Harr wandered into the Judiciary Building this morning to ask Judge Sanford B. Dole of the Federal Court whether he had seen a stray clock of the pocket variety. Mr. Harr, of course, does not think that Judge Dole has the aforesaid article, but he thought he might have left it on the Judge's desk when he called on that venerable gentleman late yesterday afternoon.

The Rev. E. W. Thwing was in the company of Mr. Harr a great deal of yesterday, but, of course, the latter states that he can account for his watch during this time.

Marshal Hendry kindly offered Mr. Harr the use of a Waterbury clock until his own watch could be located, but the latter smilingly declined, saying that it might appear too much in the nature of a bribe. Mr. Harr

DEMOCRATS STOLE MARCH ON RIVALS

Secured Aala Park and Band For Saturday Meeting

Since the Republicans announced yesterday that they were going to hold a great ratification meeting at Aala Park next Saturday, the Democrats have come to the fore with a wall of protest. They claim that they have already secured the park for that night for a ratification meeting of their own, and furthermore that they have secured the services of the Hawaiian band to parade the streets in vehicles and autos before the opening of the meeting.

Chairman Dwight of the committee of the Board of Supervisors, which has charge of the parks, stated that the Democrats had a right to the park, as they had made their request for its use before the Republicans had done so, and Chairman Husted of the Board, who is the boss of the band, said that the Democrats had made their request for it some time ago, while the Republicans had not done so even yet, and in such cases it was always first come first served.

The Democrats plan to have a great

After Ten Years Pays Second Visit

GEORGE FILMER

Past Potentate Islam Temple

"Ten years ago I passed through here as captain in the First Regiment California Volunteer Infantry," said Colonel George Filmer, past potentate of Islam Temple, A. O. N. M. S., of San Francisco this afternoon. "At that time I thought that Honolulu was the most beautiful spot that I had ever visited. When, therefore, Aloha Temple invited me to be present at the coming festivities, I seized upon the opportunity to pay again a visit to these shores."

"And let me say right here that, though Honolulu was wondrously beautiful in 1898, it is incomparably more beautiful now. I am enjoying every minute and I only regret the ten years which I allowed to elapse without finding time to pay these shores a second visit."

For four years Colonel Filmer was illustrious potentate of Islam Temple and during his regime he initiated more new members into the folds of the zem-zem drinkers than has any other man in the annals of the order. Twenty-two hundred candidates passed under his fatherly care and not one of them ever complained that he had been slighted in the attention due him.

Islam Temple has just paid \$65,000 for a lot on Geary street, between Leavenworth and Jones streets, in San Francisco, as a site

(Continued on Page 2)

for a temple building. This money was, to a large extent, saved during the incumbency of Potentate Filmer and, as a token of appreciation, the Nobles of Islam Temple have elected him the first president of the newly-incorporated association, formed for the purpose of erecting a suitable building.

It is the intention to erect a building to cost not far from \$250,000 and a plan is being arranged which will, it is expected, allow of the erection of the structure without the necessity for incurring a bonded indebtedness of any considerable proportions.

Past Potentate Filmer will take an

CALCUTTA IN TERROR'S REIGN

CAJ CUTTA, India, Nov. 10.—The city is in a reign of terror as the result of political crimes.

Andrews Says Mott-Smith Was Unfair

Christian Andrews, erstwhile Democratic candidate for Senator from the island of Hawaii, has written a bitter letter to Secretary of the Territory E. A. Mott-Smith, alleging that the latter "maliciously" discriminated against him in the elections just past by not having his Hawaiian name "Analu" printed on the ballots.

Mr. Andrews splurges fireworks at all angles in his denunciation of Mr. Mott-Smith, stating that unless his nomination fee is returned to him he

will contest the election of the Senators from that district. Mr. Andrews says that the Secretary, who ran off the election so smoothly, is guilty of "glaring injustice" and claims that he would have been elected had it not been for the fact that his Hawaiian name was omitted from the ballots. What Andrews charges against Mr. Mott-Smith amounts to nothing more nor less than a felony. However, the latter has written a letter to the worthy candidate, stating the facts in the case.
